EDUCATION

Bachelor of Science in Computer Science

Eastern University Of Trincomalee Cempus

07/2022 - Present Trincomalee, Sri Lanka

SKILLS

Game Development:

Unity Engine

C#

Level Design

Game Mechanics

UX/UI Design

Game Balancing

ASP.NET

Mobile/PC Games

Web Development:

HTML

CSS

JavaScript

ReactJs

PHP

MYSQL

FlreBase

Bootstrap

Soft Skills:

Problem-solving

Teamwork

Time Management

Communication

Leadership

Languages:

English :- Fluent

Tamil :- Native

Sinhala :- Intermediate

PROJECTS

Tile Runner

2023 Sri Lanka

Summery

- Developed an endless running PC game using Unity, featuring a simple yet engaging mechanism where players navigate an infinite course. The game focuses on smooth gameplay and intuitive controls, making it accessible for all ages. This project marks my first experience in game development, emphasizing creativity and technical skills.

Dragon Run

2024 Sri Lanka

Summery

- Developed a 3D endless running game as my second project using Unity. This game features enhanced animations and refined mechanics, providing a more immersive and dynamic experience. The focus was on creating fluid gameplay and visually appealing elements, showcasing my growing expertise in game development and design.

Real Racer

2024 Sri Lanka

Summery

- Developed "Real Racer," a car racing game for Android and PC using Unity. The game includes a single map, a garage for customization, and multiple car models. Enhanced with animations, it offers an engaging racing experience across both mobile and PC platforms, demonstrating advanced game development skills.

PROJECTS

Zombie Slayer

📅 2024 📍 Sri Lanka

Summary

- Developed "Zombie Slayer," an FPS zombie shooting game using Unity. The game features two distinct maps and incorporates detailed animations to enhance the immersive experience. This project showcases my ability to create dynamic gameplay and engaging visual effects in a first-person shooter environment.

CERTIFICATION

Unity and C# basics

This course is part of the Meta AR Developer Professional Certificate
Completed June 7, 2024

Intermediate Object-Oriented Programming for Unity Games

University of Colorado System
Completed May 15, 2024

ADDITIONAL EXPERIENCE

Hockey player in University

Eastern University Srilanka

📅 2022 - Present 📍 Sri Lanka

Experience

- As a dedicated hockey player, I bring strong teamwork, discipline, and resilience to the field. My experience in high-pressure situations has honed my strategic thinking and quick decision-making abilities. With a commitment to continuous improvement, I embody sportsmanship, leadership, and a competitive spirit, driving both personal and team success.
